

VAN GOGH

Struttura completamente smontabile con innesto a baionetta che semplifica la componibilità dei vari moduli.
Base in massello di legno con cinghie elastiche e imbottitura in poliuretano espanso a quote differenziate.
Schienale struttura in ferro con elastici rivestito in poliuretano espanso; il tutto ricoperto in maglina bianca.
Piedini in ferro colore grigio Tortora verniciati a fuoco.

*The structure can be fully stripped down with bayonet coupling which makes the different modules much easier to be set up.
Solid wood base structure with springing of elastic straps and filler of polyurethane foam at different density.
Backrest structure in iron with elastics and covered with polyurethane foam; the whole covered with a white knitting.
Iron feet in Turtle-dove grey and coated by fire.*
